

OUR MISSION

To articulate and promote community awareness (community service), bring unity among women, teach networking skills with other influential and innovative women of color, provide scholarships and a mentoring program for African-American females.

The majority of members' time is spent in community service, providing a mentoring program and scholarships for college/university for African-American females.

At MSO, we instill in our sisters a greater awareness of the need for commitment to our community- to become more responsive to the needs and concerns of our communities.

ABOUT MSO

Mocha Sisters Organization® was founded by Ladi Mallam on October 9, 2004. It started with a phone conversation with Deirdre Kelly, a native of Jackson, Mississippi giving the concept of the name of the organization. Ms. Mallam saw a specific vision for an organization with its mission to promote the six core values. MSO is a non-profit organization recognized under section 501 (c) (3) of the Internal Revenue Code.

Mocha Sisters Organization's areas of interests are: Texas, Georgia, Louisiana, New York, Illinois, Philadelphia, and Washington D.C. Previously, Mocha Sisters Organization had a goal of recruitment and building a foundation with members in the Dallas/Fort Worth, Texas area (Denton, Dallas, Collin, and Tarrant counties).
